

Manual chain hoist

MANUAL CHAIN HOIST | **PREMIUM PRO-E**

Available up to 1,000 kg capacity. The new PREMIUM PRO-E series hoist is a further development of our reliable PREMIUM PRO manual chain hoist. Instead of a hand chain, this hoist is driven by a cordless screwdriver. Corrosion protection and material are on the same high level. The work can now be done with less effort.

Product features:

- Galvanized load chain acc. EN 818-7-T
- Fully corrosion protected
- Closed housing against dust and dirt
- 360° free turnable load and top hook, made of tempered steel
- Driven by cordless screwdriver

Operate only in accu-/ battery-operation! No operation by pneumatic or hydraulic or mains-powered support.

Option: With RFID chip for digital equipment testing.
